### FLAMES TAKE ONLY MINUTES TO REDUCE HARD ROCK TO RUIN

Residents of Northern Ontario Settlement Take to Canoes on Lake to Escape Fire Sweeping Through Forest—Trains Stand Ready for Evacuation of Threatened Towns

GERALDTON, July 13 (P).—Doing thousands of dollars worth of damage, forest fires late today swept through the settlement of Hard Rock, three miles east of here on the Canadian National Railways. Fifty inhabitants evacuated the settlement hurriedly.

Fire started southeast of the townsite in the Thunder Bay district of Northern Ontario yesterday and swept on towards the hamlet today. Flames swept the town, reducing buildings to heaps of smouldering ashes within a few minutes and then roared off towards Long Lake, on the far side of the railway tracks.

ESCAPE IN CANOES  
Some of the residents of the settlement took to the lake in canoes, while others were rescued by an emergency train which sped to the scene from Geraldton. The refugees were brought here and the train crew returned to prevent the fire spreading along the right-of-way.

Among the buildings destroyed was the \$30,000 hotel, owned by Mrs. Maud Gascon, who is now in Toronto on business. Several stores also were razed.

Telegraph service eastwards out of here is crippled, but emergency repairs are being attempted. The

### SEVENTEEN ARE UNDER ARREST

Spanish Guards Accused of Murder of Leading Monarchist Leader

MADRID, July 13 (P).—Seventeen Spanish Assault Guards were arrested and held for questioning tonight in the murder of Jose Calvo Sotelo, one of the country's most powerful monarchist leaders.

The guards members belonged to the company of the Assault Guards captain, Jose de Castillo, slain last night by alleged fascists.

DEATH FOR REVENGE

Although an official version of Calvo's death was lacking, the Claridad, Socialist paper, asserted the assassin belonged to Captain Castillo's company and expressed the belief that the members looted their heads and decided to avenge their captain's death by slaying Calvo.

In the hours after midnight the rightist leader was taken from his home by several men. Shortly thereafter his body was found in the municipal cemetery, clubbed and shot.

Employees of the cemetery said shortly before 4 a.m. a small Assault Guard truck drove up to where they were working. In it were seven or eight men in Guard uniforms and four others dressed in civilian clothing, carrying machine guns.

"DIED SUDDENLY"

The men told them, they said, that they had the body of a night watchman who had "died suddenly," and that they would furnish the necessary burial papers later in the morning.

An official medical report, which said the body showed only one wound, a bullet through the eye, contradicted earlier reports that bayonet wounds were apparent in the face and one foot.

ROYAL CITY COUNCIL APPROVES BUS PLAN

NEW WESTMINSTER, July 13 (P).—The City Council today put its stamp of approval on the proposed bus system of transportation in the city, following the announcement of Mayor R. J. Hume that the Provincial Government would grant \$50,000 towards the proposal.

It was decided to put the proposed new system, which would substitute buses for street cars throughout the city and vicinity, before the people at the next civic election in January.

### Sweltering Ontarians Seek Breeze

With all heat records in Ontario and many other places in Canada smashed, suffering humanity crowded to beaches to seek some measure of relief. The top picture shows a small section of the beach at Toronto, where crowds were so dense lifeguards and ambulances had a busy afternoon as sweltering citizens either collapsed or got beyond their depth. Below, the hot sun has caused asphalt pavements in many parts of the province to burst, the burst road shown here being near Fergus, Ont.

### Nova Scotia Fishermen Report Sea Serpent in Canso Strait

CANSO, N.S., July 13 (P).—A description of a sea serpent nearly forty feet long encountered in the Strait of Canso was brought here today by three fishermen. John Horne, his son, Isaac, and his brother, Charles, said they saw the strange serpentine fish swimming about the water. They circled it several times but made no attempt to capture it.

An ugly head shaped like a dog's with a lump the "size of a dipper" on it protruded from the serpent's neck, which the fishermen said was fifteen feet long and ten inches in diameter. Behind the neck stretched a body twenty feet long and three feet in diameter, according to their description. It had a fin on the back near the neck and a tail forked like that of a swordfish.

## Plans Form to Have Italy and Germany in Meeting at Brussels

France Considering British Proposal for Compromise Arrangement for Discussion of Locarno Treaty Problem—Italian Ambassador Calls

PARIS, July 13 (P).—France considered a British compromise plan tonight to bring Italy and Germany into the Locarno meeting tentatively set for July 16 at Brussels. Stands taken by France and Italy in expectation of the Brussels parley, it was learned here, brought forth a suggestion that statement before the meeting, setting forth their aims and desires at the conference, and then allow Reichsfuehrer Hitler's delegate to attend the opening session.

## REBUKES CANTON FOR SEEKING WAR

NANKING, China, July 13 (P).—China's powerful Kuomintang rebuked the restless Southwest today. The central executive committee of the Nationalist party ignored Cantonese demands for war against Japan.

It abolished its Southwest executive committee, discharged General Chan Chai-Tong, the Kwangtung commander and ordered its leaders for trying to establish independent politico-economic units.

Then it established a national defence council which will include leaders of all sections, and heard an eloquent appeal for political and military unity of all Chinese factions from the Nanking dictator, Generalissimo Chiang Kai-Shek.

## LIBYAN FORCES BEING REDUCED

Forty Thousand Troops Returning to Italy—To Serve On French Border

ROME, July 13 (P).—Italian troop ships steamed away from Libya tonight, carrying the first units of 40,000 troops home from the Egyptian frontier and toward duty on the French border.

Withdrawal of the troops was Italy's answer to British recall of naval reinforcements from the Mediterranean. Count Galeazzo Ciano, Foreign Minister, informed Sir Cedric Drummond, the British Ambassador, of the movements today.

Among the commands started for home today was the mechanized Trento division. With those who are to follow, they will be stationed along the French frontier.

Light fortifications, which were erected along the Libya Egyptian border while Anglo-Italian tension was highest, will be maintained. Some blackshirt units and a native division will stay, and the air force will be kept up to present strength.

Between eighty and one hundred troops are to be in service in Libya, which may be divided into its former four provinces.

## GOVERNOR HAS LEFT HOSPITAL

Returns to Quebec "Feeling Fine"—Will Rest Before Western Tour

MONTREAL, July 13 (P).—Lord Tweedsmuir left Montreal in his private railway car tonight on his return to the vice-regal quarters at Quebec after a four-day stay at Royal Victoria Hospital.

The Governor-General, suffering from a recurrence of gastric trouble, was under observation and underwent X-ray examinations during his stay, but diagnosis has not been completed.

## Chicken Hatched By Heat of Sun

MOOSE JAW, Sask., July 13 (P).—Old Sol, blistering Southern Saskatchewan for the past week, is the "mother" of at least one chicken born in a "tin nest" in the kitchen window of the farm home of Mr. and Mrs. E. Dumont, near here. Without the aid of a mother hen, the torrid heat hatched several eggs in the tin can. Only one chick survived.

## Ontario Death Toll Reaches Nearly 500; Scores Die in Detroit

Over 1,700 Lives Claimed By High Temperatures in United States

MANY IN MORGUE ARE UNIDENTIFIED

DETROIT, Mich., July 13 (P).—Michigan, sweltering in a heat wave more prolonged than any in its history, counted 396 deaths tonight, attributed directly or indirectly to the six-day siege of 100-degree weather. Fatalities from high temperatures and drownings for the period of the torrid spell in mid-Western, Central and Eastern States exceeded 1,700.

In the Detroit area 108 deaths were reported in a four-hour period, twenty-three of them in Eloise County Hospital as the mercury rose to 101 degrees.

Out-State the highest mark reported was at Saginaw where a reading of 111 degrees at 3:40 p.m. established a new record for the State. The previous record was 110 at Bay City, July 3, 1911.

Dr. T. K. Gruber, superintendent of the Eloise institution, revealed today the devastating toll of the intense heat upon aged and infirm patients there. He announced that eighty-six patients had died since last Wednesday.

ALL CAUSED BY HEAT

All the deaths, he declared, were attributed to the heat. Most of the patients were aged.

Hospital facilities in Detroit were taxed to the utmost as physicians, nurses and orderlies stayed on throughout the day reviving hundreds of patients.

## Heat-Wave Deaths Tax Resources of Funeral Directors

TORONTO, July 13 (P).—Funeral directors in Toronto said today that deaths during the heat wave have brought about conditions comparable to the influenza epidemic of 1918. Some directors are bringing in discarded equipment from outside points. Park Lawn Cemetery officials reported six extra grave diggers employed. Mount Pleasant Cemetery also had extra help, and other cemeteries reported about three times normal burials.

## ESQUIMALT RETURNS UP

Statement Shows Current Taxes Increased More Than 2 Per Cent

Current general tax returns in Esquimalt are up 2.74 per cent for the first six months of 1936 over the corresponding period in 1935, the Municipal Council was informed last night when the half-yearly statement was presented. Returns from sewer rates and rentals were up nearly 2 per cent. Comparative figures for arrears and delinquent taxes were not given, although they were reported as "good."

The percentages given were 72.11 per cent for 1936 on general current taxes, against a 69.37 per cent collection in 1935; and 67.22 per cent on sewer rates and rentals, against the 1936 figure of 65.25 per cent.

MAY CUT DEFICIT

On a general current levy of \$79,257.48, the council was informed, \$57,160.06 had been received by the municipal treasury to June 30. The estimated collection for the entire year was \$39,443.11. With six months yet to go, the council was advised, only \$2,283.88 has to be collected in general current taxes to equal the amount set out in the estimates. Although the council budgeted for an \$8,000 deficit, it was possible that continued good returns will see the deficit cut down considerably or

## Premier at Alaska City On Air Tour

KETCHIKAN, Alaska, July 13 (P).—Premier Pattullo arrived here tonight by airplane from White Horse, Yukon Territory.

The Premier will stay here overnight, taking off tomorrow for a short stop at Sitka, then proceeding on to Prince Rupert for an overnight stop.

After leaving White Horse today Premier Pattullo flew to Atlin, where he spent several hours before continuing on to Telegraph Creek.

## Cooler Weather is Predicted Today for Toronto and Surrounding Districts

ONTARIO CROP LOSS IN THE MILLIONS

TORONTO, July 13 (P).—Ontario counted its death toll at nearly 500 tonight, and estimated damage to crops in the millions as the province turned hopefully to the weatherman's forecast of cooler weather and thunder showers for Tuesday.

Forest fires were raging in the Sudbury, North Bay, Sault Ste. Marie, Thunder Bay, Geraldton and other districts as weary forest rangers and recruited fire fighters fell back before the flames. Lack of water and drought-dried forests hampered their efforts.

TEMPERATURES DROPPING  
The majority of points reported that temperatures were lower than they had been in the past week, but Sudbury recorded 105, Hamilton 105, Stratford 102, Peterborough 101, Toronto 98.1, Tomagami 105, Brantford 100 and Chatham 106. Horne-Payne, in the Algoma district, was comparatively cool at 85.

## CHURCH ACTION LEADS TO LAW

Scenario Writer Is Refused Communion by Bishop—Taking Legal Action

FERRINGDON-ON-SEA, Eng. July 13 (P).—James Bunting, young film scenario writer, declared tonight, he was "taking opinion of counsel" on his virtual excommunication from the Church of England.

The Bishop of Chichester, Rt. Rev. George Bell, denied communion to Bunting because he said, the latter violated the fifth commandment: "Honor thy father and thy mother."

Bunting's parents died recently in the gas-filled bedroom of their house. The father, Rev. W. H. Boyne Bunting, curate at Caniscliffe parish, left a letter saying his son had the bulk of his fortune.

JURY'S CRITICISM  
Subsequently a coroner's jury criticized the younger Bunting for not helping his father financially.

Outlining his plans today, the writer said: "I do not intend to attend church in view of the terms of the bishop's allegations, but I hope to prove him wrong in what he says about me."

He said he had hoped to \$5,000 and \$4,000 of his parents' money, but declared he had begun to help his parents, and said his father's letter absolved him from blame.

An official of the Church Association called the bishop's decision "practically excommunication," adding that "excommunication does not really exist in the Church of England at the present time."

## ORDERED TO KEEP FACTIONS APART

French Guards to Be on Alert For Clashes During Cele. Brations in Paris

PARIS, July 13 (P).—Mobile guards and police received orders tonight to keep the Government's supporters and enemies apart when they turn out tomorrow for the army's annual show in celebration of Bastille Day.

Leaders of both Leftists and Rightists called on their followers to cheer the troops who will march past President Lebrun and Premier Blum at a morning review.

The army will display the men and guns which France considers her safest protection against war.

## Proceeds of Sale Donated to Fund

LONDON, July 13 (CP-Havas).—King Edward today turned over the proceeds of the sale of the gear and fittings of his late father's yacht, Britannia, amounting to \$5,000, to the Lord Mayor of London as a contribution to the King George Memorial Fund.

The fund is for the purchase of playing fields for the youth of the nation and for the erection of a statue to the late King.

## British Motor Racer Smashing Records in Long Endurance Test

Captain George Eyston Steadily Logging New Marks for Average Speeds in Long-Time And Distance Driving in Utah

**B**ONNEVILLE SALT FLATS, Utah, July 13 (P).—Capt. George Eyston, of Great Britain, steel-nerved collector of land speed records, logged a new 5,000-mile mark in his ledger tonight and sped on toward the forty-eight-hour goal of 109.57 miles per hour new held by four Frenchmen.

When Eyston passed the 5,000-mile mark tonight, his average speed was officially announced at 142.61, compared with the old record of 109.89 held by the Frenchmen. He had driven slightly less than thirty-six hours.

### CONFIDENT BUT NERVOUS

The grey-haired Englishman, confident but nervous, was unable to sleep during "off hours." He paced the flats while a countryman, Bert Denly, was at the wheel of the twelve-cylinder shark-nosed racing car.

With the two-ton speedster "performing perfectly," Eyston and Denly tumbled records with regularity. Principal marks to fall were:

24 hours—149.16 miles an hour; old record 140.52, held by Eyston; 4,000 miles—144.81 miles an hour; old record—110.49, held by four Frenchmen.

3,000 miles—149.05; old record 140.75, held by Eyston.

## Drought Brings Misery in Texas

These pictures, telling the tales of misery and destruction, come from "somewhere in Texas," where heat, drought, flood and storm have ravaged the land. At top, a family finds a spot to live for a few days before they must wander on in search of water and fertile land, away from the dead black scourge of dust, graphically shown below, sweeping down on a small village.

## SUMMER SKIES BEING STUDIED

Astronomical Society Begins Special Series of Weekly Outdoor Meetings

With a larger enrollment than ever before, the special Summer sessions of the Victoria Centre of the Canadian Royal Astronomical Society opened last evening at Victoria College.

Although the skies were overcast and the weather unfavorable for observing the heavens, about sixty persons, including twenty new members who registered last evening for the Summer series, gathered on the terrace to hear the programme and get from Dr. R. M. Petrie, who gave the principal lecture, directions for the use of the star-maps which were distributed.

Commander H. N. Tingley, president of the Victoria Centre, welcomed the new members particularly in the short preface to his address.

Dr. Petrie's theme was "The Summer Stars, and How to Know Them." Very ably, entertainingly and instructively he described the various constellations, telling where they were seen at different times of the year, and giving the reason for the apparent changes of position. He then enumerated the principal ones that would be seen during the course of the next eight weeks, while the Summer sessions are in progress: Cassiopeia, a Northern constellation, and Andromeda and Cepheus, between which it lies; Perseus, Cygnus, Lyra, Bootes and Scorpion. Cepheus is the constellation in which the new comet is to be found.

**RECALLS MYTHOLOGY**  
These were all indicated on a chart, and in his references to each, the lecturer recalled some of the mythology associated with the names.

Announcement was made that next Monday night's lecture, will be by Miss Riddle about the Moon. This will be preparatory to the night at the Dominion Astrophysical Observatory on July 27, when, by special invitation of the director, Dr. W. E. Harper, members will have an opportunity to see the moon through the big telescope, weather permitting. On that occasion Summer study club members will leave the city by special chartered bus at 7:30.

**Quickly Obtains Year's Lodging**

VANCOUVER, July 13 (P).—Less than three hours after he had been captured by patrol officers as he crashed a rock through a jewelry store window, Tom King, sixty-six, pleaded guilty in police court to a charge of breaking and entering and was sentenced to one year in jail.

**CHARGE OF MURDER IS LAID BY WARDEN**

KINGSTON, Ont., July 13 (P).—Chester Crocker, 37, at Kingston Penitentiary, was charged today with murder following the death of Guard J. J. McCormick, stabbed by the negro convict Saturday Jack Toomey, another guard stabbed by Crocker, in hospital.

McCormick died early this morning, and the murder charge was laid by Warden R. M. Allen.

## DEADLOCK IN FISH DISPUTE

Salmon Fleet Idle at Rivers Inlet, Following Price Disagreement

Continuation of the tie-up in salmon fishing around Rivers Inlet and adjacent waters was reported yesterday in provincial circles, with approximately 1,500 men idle at the height of the fishing season. No disorders were reported.

Deadlock was reached a week ago over the issue of prices paid by canner plants for landed salmon, wherein fishermen were seeking 5 cents per fish additional, and canner plants were threatening to close rather than operate under conditions they claimed would be prohibitive.

George J. Alexander, deputy commissioner of fisheries for the province, crossed to Vancouver yesterday in connection with the dispute. Apart from the Rivers Inlet tie-up, the bulk of the salmon fleets are continuing to operate, with prospects of a fair season.

## Fourteen City Hall Employees to Have Salaries Increased

Payroll Boosted by \$127.91 at Meeting of City Council—D. P. Garrison Enters Only Tender For Sooke Lake Watershed Timber

**F**OURTEEN salary increases, totaling approximately \$127.91 per month, were passed by the City Council last evening. They range from \$2.36 to \$20 monthly and will be retroactive to July 1.

Those affected by the new schedule are: G. M. Irwin, city engineer; C. Jones, assistant engineer; George A. Okell, assessor and collector; A. Taylor, R. Borge and A. V. Danby, collector's department; A. Joyce, cashier; H. G. McKenzie, comptroller's department; W. Percy Wright, city clerk's office; C. Norman, auditor; W. E. Farnet, Jr., and G. Canfield, waterworks department; G. Framp-ton and G. Sehl, relief department.

Alderman Walter Loney, S. H. Okell and Edward Williams were absent from the meeting. A letter was read from Alderman Williams protesting against salary increases for any city employees earning \$150 per month or over. Alderman Percy B. Brown wanted to know if Alderman Williams thought a civic employee should not receive over \$150 per month. The motion for the fourteen increases passed.

Aldermen were surprised the only tender for the Sooke Lake watershed timber was one submitted by D. P. Garrison, accompanied by a cheque for \$500, as 5 per cent of the initial payment of \$10,000. City specifications state that a contractor, who wishes to carry out selective logging in the area for fir logs, cedar, cedar poles, other species, piling, cordwood and ties, must pay the sum of \$10,000 within six days of acceptance of his tender and a further \$8,000 when timber of that value has been cut. Mr. Garrison's tender was referred to the water commissioner and water committee for investigation and report.

**PRESENTS PLANS**  
Plans presented by Alderman T. W. Hawkins for reconstitution of civic finances included a conference with city bondholders with a view of bringing about a reduction in interest charges, a twenty-five year franchise for the B.C.E.R. Co., Ltd., that would result in development of the company's assets in the city, and formation of a businessmen's delegation to wait upon the Provincial Government before the Fall session to seek restoration of grants and other municipal aid.

Mayor David Leeming pointed out D. A. Macdonald, comptroller and treasurer, was working upon a report of civic finances from 1921 to the present date, and it would not be ready for three weeks. He believed citizens must co-operate with the council in securing remedial legislation for financial problems.

Continuing, Mayor Leeming pointed out it should not be forgotten Victoria was refunding \$250,000 in bonds every year. He said it was impossible to continue borrowing from the bank and the sinking fund. He stated the present agreement with the B.C.E.R. Co., Ltd., was being printed for distribution to aldermen.

Alderman Brown declared he was against repudiation, or default, in the case of bonds. He moved Alderman Hawkins' suggestions be signed and submitted to the finance committee. Mayor Leeming asserted the value of Victoria bonds had been seriously impaired by remarks made in the Legislature at the last session. Alderman Archie Willis urged Alderman Hawkins to move that interest

on bonds be cut 50 per cent. Alderman Hawkins explained for the third time he was only making suggestions, not concrete motions. Mayor Leeming told aldermen it would be little use taking action on the suggestions until Mr. Macdonald's report was ready. Alderman Hawkins' suggestions were turned over to the electric railway franchise and the finance committees.

**LIBRARY WORK**  
For the purpose of erecting a mezzanine floor at Victoria Public Library to relieve the overcrowded situation, aldermen voted to spend \$2,200 out of the balance of \$7,780 left in the \$100,000 public works fund. Alderman Willis said he was not opposed to the motion, but he thought \$800 should be spent on improving Collinson Street. The matter was referred to the committee handling the \$100,000 fund, and the engineer.

Alderman Brown declared the library was one of the most useful services in the city. It had been built in 1904 and the capital expenditure amounted to only \$1,600 in thirty-two years. The institution was so crowded that immediate action was necessary, he said.

Tender of John Haislett of \$420, for repairing buildings at Willows Park destroyed by fire, was accepted by the council. A fire insurance company will provide \$400 of the sum.

Mayor Leeming, Aldermen Brown, Hawkins, Dr. J. D. Hunter, Loney and James Adam were appointed a committee in connection with the seventy-fifth anniversary of incorporation of the city, which falls due in August, 1937. Alderman Hawkins was selected chairman.

Retail Fish Shops Early Closing By-Law, allowing fish markets to close at 5:30 o'clock every afternoon except Wednesdays and Saturdays, was introduced. Serial Debenture Refunding Loan By-Law (1936), for the refunding of \$237,000 in 4-1/2 per cent debentures falling due this year, was adopted and passed.

Improvements to the fence at Willows race track urged by Canadian General Insurance Company were referred to Aldermen Hawkins, Loney and Dr. Hunter for report.

## Vast Throng Hears New "Peal of Eight" Ring at Dedication

Bells, Replica of Those in Westminster Abbey, Consecrated at Christ Church Cathedral With Impressive Rites—Donors Represented

NO event in church history in Victoria has attracted such a throng as listened on Sunday afternoon to the first peal ring, in connection with the dedication service, on the new bells just installed in Christ Church Cathedral.

Every seat in the great edifice was filled; hundreds of others packed the adjacent streets and the old Quadra Park, and throughout the city and the length and breadth of the island thousands of others listened to the radio broadcast of an incident which will pass down in ecclesiastical history as epochal.

Fine weather favored the occasion, and after the dedicatory service, when the congregation listened inside the cathedral joined those outside to listen to the half-hour peal, the streets were filled with a multitude of unrepresented dimension. Many, deeply moved by the associations, listened with tears coursing down their cheeks.

### THE SERVICE

The service followed strictly the ritual set for the occasion. Preceding the prayers was a procession, in which, in addition to the choir, were eleven clergy: Rt. Rev. H. E. Sexton, Bishop of Columbia; Rev. T. R. Lancaster, bishop's chaplain; Very Rev. O. S. Quinlan, Rev. Canon Nunn, Rev. Canon Chadwick, Ven. Archdeacon A. J. B. Dewdney, Rev. P. C. Hayman, Rev. F. W. Weaver, Rev. A. R. Morris (Oakland), Rev. S. Ryall and Rev. Clarence Lee.

Prayers, hymns and address all were specially appropriate. The service was conducted by Bishop Sexton, assisted by Dean Quinlan, the latter beginning the service by calling on the congregation to "humbly pray that our heavenly Father will favorably approve our present purpose of dedicating these bells to His service," and to implore divine assistance in the undertaking.

Bishop Sexton took the intercessory prayers, for worshippers; for the ringers; for those who shall be married; for the sick; for the dying; and for the donors who had "offered" and provided these bells for Thy service in this Cathedral Church.

### DEDICATORY PRAYER

During the singing of Psalm 150, "O Praise God in His Holiness," which followed the foregoing, the Bishop, the Dean, the Canon and churchwardens formed a procession and moved to the foot of the tower, where the Bishop gave the solemn dedicatory prayer.

"O Almighty God, Who by the mouth of Thy servant Moses didst command to make silver trumpets for the calling of solemn assemblies; be pleased to accept the offering of these bells; bless, sanctify and hallow them to Thy glory and service, and grant that through this generation and those that are yet to come, they may continually call together Thy faithful people to praise and worship Thy holy name."

The bells were then dedicated "and forever set apart from all unhallowed and profane use."

### THE FIRST PEAL

At this point the bells were heard for the first time, a short, low, minute peal being rung while the vast congregation, both inside and outside the cathedral, remained standing. This and the deeply impressive peal in commemoration of the departed (specially referred to

so could these bells call to action, to dispel the evils of hate and social injustice, to defend the people's liberties at all cost, to worship, and to prayer—a challenge to action, a symbol of the Church of Christ on the march, a great instrument for social salvation and international peace.

### EXPRESSES THANKS

In this service of dedication there should specially be remembered the donors of the bells; also the Bishop of London, who had shown such an interest in Christ Church Cathedral, and who had gone down to the ancient foundry of Messrs. Mears & Stainbank, in London, to take part in the dedication of the casting of the bells; Ven. Archdeacon E. P. Laycock, who was also present at that service; and the bell ringers.

Very especially on this occasion would everyone think of the late King George V, after whom the great minor bell was named; the four bishops of Columbia: George Hills, William Wilcox Perrin, Augustine Scriven and Charles de Veber Schofield; and those who were commemorated in this gift of bells: Charles Raymond Nutt, John Samuel Henry Matson and John Robert Merideth Matson.

There were three hymns, in the singing of which the congregation joined "Come, Thou Holy Spirit," "All People That on Earth Do Dwell," and "When Morning Glides the Skies."

The congregation was widely representative. Hon. Eric Hamber, Lieutenant-Governor of British Columbia, was represented by Rev. Patterson; the British Columbia Government by Hon. John Hart; the City by Mayor David Lerming; the Navy by Eng-Commander G. L. Stephens and Lieut-Commander Charles Brown. Special prizes were reserved for representatives of the Synod and the Diocese and Cathedral clergy and officers. Members of the Victoria Ministerial Association filled another pew.

### THE BELLS

Mrs. Matson, who donated the two bells commemorating John Samuel Henry Matson and John Robert Merideth Matson, was present with her daughter, Mrs. P. A. C. Couland.

The remaining six bells are the gift of Mary Geraldine Mosley, wife of Canon J. K. Mosley, of St. Paul's Cathedral, London, in memory of her brother, Charles Raymond Nutt, late captain in the Royal Field Artillery, who is buried at Somers, Vancouver Island.

Souvenir programmes, containing the order of the dedicatory service, were placed in the hands of the congregation, the Dean reading a brief statement about the bells, their donors and those whom they commemorate. The bells are an exact replica of those in Westminster Abbey.

A board made of oak from St. Paul's Cathedral, London, will shortly be placed in the porch of the cathedral. On it will be found details concerning the bells, with their inscriptions. This has been designed by W. Godfrey Allen, F.R.I.B.A., surveyor to St. Paul's.

### THE RINGERS

Those taking part in the dedicatory peal were Anthony Trotman, Shawanigan, Reginald Carrier, Henry Lingham, A. Meluhah, John Huthings, Thomas Guest and E. W. Izard, all of Victoria, and Ernest Weatherby, of Los Angeles.

After the service members of the Vancouver group of ringers from Holy Rosary Cathedral, and members of the Victoria group of ringers combined to ring the half-hour peal. One touch consisted of 360 changes, which is quite a feat. Again, after the evening service on Sunday the bells were rung. Those from Vancouver ringing were Arthur King, Fred Hird, A. B. Lomas, William Sampson, George W. Foster, Tom Greenaway and A. C. Limpus.

### CENTENARIAN SUCCEDES

MOOSOMIN, Sask., July 13 (AP).—Murdoch McLean, reputed Saskatchewan's oldest man, died in his 106th year Saturday. He was born in the reign of George IV. He lived 20, 1831, at Loch Torridon, Scotland, and migrated to Canada when a young man. His widow, eighty-eight years old, and one son survive.

## SHRINERS ARE VISITORS HERE

Several Hundred Delegates To Seattle Convention Parade in Uniform

In holiday mood and festive garb, several hundred fez-topped delegates to the sixty-second Imperial Shrine Council sessions in Seattle this week passed through Victoria on Sunday and yesterday, lending additional color to the city.

Victorians witnessed a spectacular parade of Shriners yesterday when the local band of the Gizeh Temple welcomed the Vancouver and other patrols in uniforms of dark green coats, trimmed with gold braid, bright yellow vests with gold band, golden sashes, trousers of brilliant scarlet with gold wide stripes and white calf leggings. The Shriners carried many smart street drills that delighted large crowds. At the temple, refreshments were served before the delegation began its parade to the Seattle boat.

Five Shrine groups passed through here Sunday, including seventy-five members from Acca Temple of Richmond, Va.; forty from Aleppo Temple of Boston; twenty-five from Antioch Temple, Dayton, O.; fifteen from Anah Shrine, Bangor, Me.; and forty-five members of the Virginia and North Carolina Shrine. Other temples represented here were the Carnack of Montreal and Islam of San Francisco.

German accord. He assured French officials, they said, that the Italian agreement in Rome accord did not mean the formation of a Fascist bloc in Central Europe.

### IN OWN INTEREST

Cerruti was said to have declared Italy intended to evolve her own policy in Europe and work with Germany "only so far as Italy's own interests were concerned."

LONDON, July 13 (AP).—The attitude of the British Foreign Office toward the Locarno powers' conference, set tentatively for Thursday next at Brussels, was not made known officially tonight.

Informants expected Britain to take an attitude of reserve for the present concerning the Austro-German accord. The foreign affairs committee of the Cabinet met in special session today to consider the possible consequences of the accord.

REPORTS ARE CORRECT  
The Foreign Office also had before it reports that Germany was re-formulating the strategic island of Heligoland for the British. The count Cranborne, under-secretary for foreign affairs, told the House of Commons today he understood the reports were correct.

## SNEAK THIEF ROBS VANCOUVER VISITORS

VANCOUVER, July 13 (AP).—Police tonight were searching for a sneak thief who entered the home of Mrs. M. Evans late today and stole four purses, belonging to friends who were visiting the house. The purses contained a total of \$23 and personal effects.

### BIG ONE GETS AWAY

MERIDITH, N.H., July 13 (AP).—Ernest Boynton, a Boston & Maine Railroad crossing tender, reported today he fished for cod near Hampton Beach and hooked a whale. Boynton said the whale, which he estimated was seventy feet long, carried away his bait, hook and 200 feet of cod line.

### KILLED BY LIGHTNING

WINNIPEG, July 13 (AP).—Otto Pippa was killed instantly tonight when struck by lightning while walking on the highway at Ile des Chénés, eighteen miles east of here. A Vanderkhorst, who was with him, was not injured.

## SEERS ARE SCORED BY AUTHORITY

Caryl S. Fleming, Hollywood, Brands All Purported Fortune Tellers as Fakes

CALIFORNIANS WILL SUPPORT ROOSEVELT

Caryl S. Fleming, Hollywood, president of the Pacific Coast Association of Magicians, in an interview here yesterday, branded all "purported clairvoyants, seer readers, card readers and palmists as fakes."

Mr. Fleming, who was visiting Victoria following the convention of the association in Seattle, declared that true spiritualism was a religion and was devotedly followed, but there were hundreds of unscrupulous false mediums operating who were multiplying the public of fortunes.

Yesterday, Mr. Fleming addressed the Gyro Club at luncheon in the Empress Hotel and later visited Butchart's Gardens.

### "REVEREND RACKET"

Mr. Fleming described at length the exposing of the famous "reverend racket" which was in operation under a clairvoyant veil in Los Angeles. This "racket," he said, was being worked by promoters who undertook to "ordain" anyone as a reverend, a doctor of divinity, a missionary-at-large, or bishop-at-large, for a fee. Ordaining as a reverend cost \$10, he said, and another \$5 would make the applicant a doctor of divinity.

How Joe Penner's duck, "Googoo Drake," was ordained a reverend was related by Mr. Fleming. He recalled that as his application was sent in, his reference was "Harry Wue," the real name of Harry Houdini, deceased magician of the United States. Mr. Fleming said that the operators of the "racket" had told him they had checked with "Harry Wue" and he was eligible to become a minister. Houdini at that time had been dead over nine years.

Mr. Fleming became "ordained" as a reverend and as a doctor of divinity. He registered this name with the Los Angeles county clerk and at present has full powers of the church. Mr. Fleming is Rev. Dr. Caryl S. Fleming, "the Swami of the Southern Sierras."

### CHURCHES AID

Mr. Fleming hastened to add that as soon as he and his assistants discovered the "racket" they enlisted the aid of the powerful church association and on the latter's direction they set out to expose the racket. The ease one could secure a diploma.

Mr. Fleming debunked the highly publicized "Hindu rope-trick." There was a fund of over \$125,000 for the person who could do this trick in the open, he said. "No one has ever seen the trick," he added. Mr. Fleming also said that as yet no one had communicated with the spirits, although he did not deny nor admit that this could be done.

He stated that if these purported fortune tellers were so smart and could do the things they claim, they would not tell the average person for 50 cents or \$5 what the future held in store for them. They would be making millions for themselves on the stock market, he declared.

### CONDITIONS BETTER

Referring to business conditions in the South, Mr. Fleming said they were undoubtedly better. The Bank of America, with which he was connected, was doing a tremendous business in car loans of 72 per cent, whereas loan firms operating in his district were securing as high as 27 per cent interest.

He said the general public in California "do not want to change horses in the middle of the stream and will vote for Roosevelt." The soldiers' bonus recently distributed was being directed in the right channels, he asserted.

Speaking of the possibilities of enlarged motion picture industry here, Mr. Fleming remarked, "Why not? You have variable scenery and I think it would be a fine place for pictures." He recalled that for sev-

**WILL ATTEND CONVENTION**  
City Represented at Canadian Music Teachers' Sessions, Vancouver.

Music teachers from all four Western provinces of Canada are gathering in Vancouver for the first annual convention of the Canadian Federation of Music Teachers' Associations to be held there this week. Sessions, which are to begin at 9:30 o'clock tomorrow morning and continue for four consecutive days, are being held at the Georgia Hotel.

Victoria is to be represented by a strong contingent. This includes all the officers and some other executives and members of the local branch of the organization, as follows: Reginald Cox, president; Miss Nora Sherwood, secretary; Miss Marion McGovern, vice-president; Miss Beatrice Griffin, corresponding secretary; Miss Marian Roberts, treasurer, and Miss Dorothy Francis, Cecil Boulter (executive). Miss Owen Harper, Miss Marjorie Tobo, Miss Helen Riley, Mrs. Gertrude Marshall, Miss Marie George, Mrs. Jean Miller and George J. Dyke.

Roy Robertson, of Vancouver, president of the federation, will preside. Mayor G. McGee will welcome the delegates at the opening session, at which reports from the four Western provinces will be received also. While the agenda shows a fair amount of routine business, members will also have an opportunity to hear some good musical programmes. Among those who will contribute in this way is Miss Owen Harper, of Victoria, who is to play a group of piano numbers at the Thursday morning session.

Two Victoria members who will give addresses are Reginald Cox, who will speak at the luncheon meeting on Thursday, and George J. Dyke, who will give the principal address in the Friday morning round-table discussion on classification.

Taitel is on the northern coast of Chile, approximately 550 miles north of Valparaiso. It is an important point for nitrate, silver and other metals, with a good anchorage at which vessels are loaded and discharged by lighter. Gazetteers give the population as between 5,000 and 7,000.

**IS RECORDED HERE**  
An earthquake, described by W. A. Thorn, director, as of more than ordinary severity, was registered on the seismograph at the Dominion Meteorological Observatory on Gairdner Hill early yesterday morning. The disturbance was also registered on instruments in the major observatories in Canada and the United States and South America.

According to the record here, the tremor began to register on the instrument at 3:24 a.m. and continued registering for approximately four hours. The epicentre was computed by the director at about 5,000 miles distant.

**Shortage of Feed Feared By Stockmen**  
CALGARY, July 13 (AP).—With range lands and pastures scorched, the feed problem became acute today. Thousands of farmers watched dwindling feed supplies through another day of cloudless skies. Many farmers prepared to rush their cattle to market. Organized stockmen took steps to halt a market glut.

An appeal was sent to Federal authorities today to set up a \$5,000,000 stabilization fund to protect the industry from forced marketing.

## Pacific Liner Due Here This Morning From Orient Ports

Empress of Japan Is Coming in By Way of Hawaii With Large List of Travelers Aboard—Expect Pacific Shipper Here Tonight

Coming in from Far East ports by way of China, Japan and Hawaii, the Canadian Pacific liner Ss. Empress of Japan, Captain L. D. Douglas, R.N.R., commander, will arrive alongside Rithet Pier at 8 o'clock this morning, according to advices received by James Macfarlane, general passenger agent of the company here, from the ship yesterday.

The liner is bringing in a large passenger list. Among the prominent travelers will be Hon. Viscountess St. Davids, whose husband is Lord Lieutenant of Pembroke, Shropshire; Hon. Sir Hugh Landdowne Stephenson, K.C.S.I., K.C.I.E., and Lady Stephenson.

It is also just possible that Sir Herbert Marler, former Canadian Minister to Japan, and Lady Marler, will be aboard the big liner on their way to Ottawa. Sir Herbert Marler was recently appointed Canadian Minister to Washington.

**IXION DOCKED**  
From China and Japan ports, the Blue Funnel Line Ss. Ixion, Captain W. A. Turner, tied up at Rithet Pier yesterday morning, with passengers, mails and cargo. The liner docked shortly after 9 o'clock and continued to Vancouver at 2 p.m.

Among the travelers aboard the Ixion were Lieutenant-Colonel and Mrs. A. E. Sawkins, of Honolulu; Alfred E. Krause, newspaperman of Shanghai, on his way to Germany, and H. B. Draney and G. R. Pratt, of Vancouver, returning from a tour of the Orient.

## MAKE SHIP SEAWORTHY

Japanese Crew Arrives to Take Over Old Star of Lapland

"Should you happen to get over to Alameda—or that portion of the Oakland estuary where are now tied up the four remaining vessels of the famous old fleet of sailing ships of the Alaska Packers' Association—it would almost seem to you as if the hands of time had been turned back forty or fifty years. For, should you be one of the few mariners of the old school still with us, the familiar odor of burning pitch, oakum, spun yarn, etc., would greet you there, and bring back memories of the days of fine wooden ships, all propelled by sail, and iron masts to command them and sail them over the seven seas at speeds now oftentimes not excelled by steam-propelled craft.

"And the reason for all of this is that a visit last Friday to the Alameda base of the Alaska Packers' Association disclosed the spectacle of the ship Star of Lapland as the scene of much activity.

**THINGS TO DO**  
"The vessel's rigging swarmed with Japanese sailormen, all engaged in the task of getting the gallant old ship ready for sea—and this task is no small one, nor could it be entrusted to a novice—for it includes seeing that everything aloft is in good working order; the masts are attended to, sheets looked after, etc., all of the thousand and one things that have to be inspected, replaced or repaired before you can send a sailing ship to sea, and I almost forgot to mention that the captain and his staff have to be looked after, graced and freed up, etc.

And when the gallant old Star of Lapland goes to sea it will be with the flag of Japan flying at her gaff. Captain Shoji Fuyeda, who sailed Star of Zealand from here to Japan, and to the ship-breakers' yard, arrived last week to take the Star of Lapland over the same crew, and with practically the same crew. They will take back to Japan with them a full cargo of sail, though it is estimated it will take three weeks yet before they will be ready to begin loading their cargo—Commercial News.

## Steamship Alice Left for Alaska

**VANCOUVER**, July 13.—Amid a shower of colored streamers, from ship to dock, and to the "awing" of the ship's orchestra, the Princess Alice, of the Canadian Pacific's B.C. Coast Steamship fleet, left for Alaska at 9 o'clock last Saturday evening, with a capacity passenger list.

Alaska, with all its tradition and allure, is proving more than ever to be the tourist Mecca, particularly to United States visitors. The Alice was commanded by Captain Clifford Penton.

## SALMON FISHERMEN OF SMITH'S INLET QUIT FISHING IN SYMPATHY

**VANCOUVER**, July 13.—A strike of sockeye salmon fishermen at Rivers Inlet has spread to Smith's Inlet over the week-end, according to reports received here today by cannery operators.

The Rivers Inlet fishermen struck about a week ago for higher prices from cannery operators for sockeye salmon.

Yesterday 370 gill-net boats at Smith's Inlet refused to resume fishing operations, apparently striking in sympathy with the Rivers Inlet fishermen, the reports said.

## Vancouver Shipping

**VANCOUVER**, July 13.—The tugboat Allard arrived here over the week-end towing a large scow loaded with worn-out machinery from the paper plant at Port Alice.

The load of scrap, which included many large pieces, was brought more than five tons, was weighed from the open Pacific, through Queen Charlotte Sound, and down the inside passage through Seymour Narrows.

The freighter Bradfield, of the Redwood Line, was anchored here today awaiting a berth.

The former tugboat Cheerful is now being refitted with new engines at McKee & Wilson's wharf here and will soon be ready to resume service.

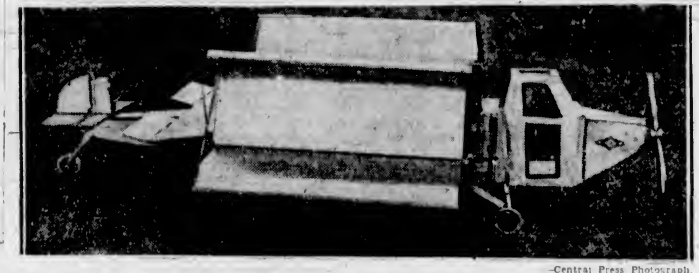

The halibut boat Zapora, winner of the halibut fishing contest here recently, arrived back in port today from the fishing banks with 14,200 pounds of halibut. The load was sold on the Vancouver fish exchange, 6,000 pounds chicken at 73 cents per pound; 5,000 medium at 73 cents and 3,200 large at 82.

## NOTICE TO MARINERS

Mariners are advised that on or about July 21, the fixed, white coal oil lights now shown from each masthead of the Sgundheads Lightship Strait of Georgia will be discontinued and replaced by a fixed white light shown from a cluster of electric lamps situated on the head of the mainmast.

### STOLE FROM WOMAN LYING UNCONSCIOUS

VANCOUVER, July 13 (P)—Police today were searching for a thief who stole \$7 from Mrs. A. Martinelli as she lay on the pavement in a faint after seeing her husband struck by an automobile.

Martinelli suffered leg and arm injuries when struck by the side of an automobile as he walked on to the street to stop a street car.

Would your pay cheques stop if you died?

THIS POLICY SAYS — NO!

## IMPERIAL SALARY CONTINUANCE PLAN

WOULDN'T you like to have your pay cheques sent to your family for a full 12 months in case of your death? Think what a wonderful help that would be to your dependents during the time they must make one of life's most difficult re-adjustments!

You know how completely your family depends upon your regular salary cheques. Imagine the financial jolt they would get if that income were suddenly to stop—forever! Even if you have other insurance, how much income would it provide at the low interest rate money now earns?

For as little as 10c a day—for each \$100 of your monthly salary—your full regular salary will be continued for a year after your death. By permitting a gradual change instead of a sudden scaling down of expenses, this policy helps to avoid the financial worries of the first terrible year after the death of the bread-winner.

If you have no other assurance, an Imperial Salary Continuance policy offers the first, simplest and most essential provision to make.

Write today for full particulars.

## ROSS HOCKING RETAINS TITLE

Defeats Don Campbell in Five-Set Match at Victoria Tennis Club Courts

Rallying after dropping the first two sets, Ross "Bud" Hocking retained his men's singles crown yesterday at the Victoria Lawn Tennis Club courts, when he defeated Don Campbell in a five-set struggle.

Campbell, right on top of his game, took the first two sets with scores of 6-2, 6-3, but wilted badly before the hard-driving and fine-placed Hocking in the next three sets and lost by scores of 3-6, 2-6, 3-6.

A new champion was crowned in the women's singles when Mrs. Ross Hocking defeated Mildred Phillips, defending titleholder, in a straight-set match. The scores were 6-1, 6-4. The outcome was one of the major upsets of the annual club tournament.

The women's doubles provided plenty of good competition. In the initial set of twenty-two games, Mrs. Edwards and Mrs. Lay finally emerged victorious over Mrs. Hocking and Miss J. Campbell, 12-10.

In the semi-final of the mixed handicap doubles, Miss Lawson and Walton, scratch—defeated Miss M. Phillips and Brand, minus 40, 2-6, 6-4, 6-3.

### TODAY'S DRAW

Today's draw follows:  
5:00—Miss Lawson vs. Miss M. Phillips; Willet and McClure vs. Collins and Hole.

6:00—Miss Lawson and Walton vs. Mrs. Birley and Merston.

LEAVE FOR MAINLAND  
Ross "Bud" Hocking, Mrs. Hocking and Don Campbell left yesterday evening for Vancouver to play in the British Columbia closed hard courts championship. They will join C. Hugo Raymond, well-known local official, who left Friday.

The tournament is being held at the courts of the B.C.E.R. Tennis Club and will continue until Saturday.

## SIDNEY WINS FROM TIGERS

Chalks Up 6-4 Victory in Play-Off Softball Fixture—Togo Cleaners Triumph

Hitting the ball hard in the pinches, Sidney softballers last night defeated the Tigers, 6-4, in a "B" section play-off fixture at the Royal Athletic Park.

The well-deserved victory gave the Sidney nine the right to play Painters' Bruins "B" section leaders for the championship.

A fourth-inning attack, during which they sent four runners the distance, brought victory to Sidney and a split disaster for the Bruins.

Ray Byers, doing the heavy work for the winners, hurled effective ball, particularly in the pinches, while his teammates fielded well behind him. He was hit for nine bingles.

Sid Carr, on the hillcock for the Tigers, allowed eight bingles, and the majority of these came in Sidney's fourth-inning offensive.

The feature of the game was Johnny Hess' circus catch of Mounit's line drive in the second frame. Slipping on the grass when he made a move to catch the ball, Hess reached out and pulled off a sparkling catch while still on the ground. Score by innings:  
Sidney.....100 400 010-6  
Tigers.....100 120 000-4

Batteries—Byers and G. Lannon; Carr and Harris.

### TOGO CLEANERS WIN

Playing in the first round of the Calvert Cup series, Togo Cleaners blanked Saanichton, 6-0, at Stevenson's Memorial Park. The winners played smart ball behind the fine pitching of Fred Westgate.

Score by innings:  
Togo Cleaners.....130 000 002-6  
Saanichton.....100 000 000-0  
Batteries—Westgate and Farcy; Mitchell and Sluggert.

**SOMERSET ELEVEN IN EASY VICTORY**  
LONDON, July 13 (P)—In the only English county cricket match concluded today, Somerset trounced Worcestershire by 170 runs. Somerset compiled innings of 142 and 156 while Worcestershire's efforts netted innings of 80 and 77. During the match Arthur Wellard took ten Worcestershire wickets for forty-five runs.

Rain postponed the Warwickshire-Gloucestershire, Lancashire-Derbyshire and Northamptonshire-Sussex contests again today. Nottinghamshire and Yorkshire started Saturday, but the teams could not resume action today due to rain.

Closing scores in other games follow:  
Middlesex 238 (Hulme 101), four for two wickets; Essex 144 (Smith seven for 28), at Colchester.  
Kent 228 (Fagg 121, Glover four for 39), Surrey 76 for five, at Blackheath.

Leicestershire 94 and 43 runs for two wickets; Glamorgan 249 (Duckfield 81 not out), at Swansea.

**MRS. FREEMAN IN HODGES CUP WIN**  
Mrs. E. Deane Freeman won the annual knockout tournament for the Hodges Cup, held at Gorge Vale golf course over the last few weeks. In the final she won from Mrs. E. Percival after a very close match, which was all square at the seventeenth, Mrs. Percival losing by a missed putt at the last green.

On Wednesday evening July 15, a nine-hole match between captain and secretary's teams will be played.

It is hoped all the women members will participate, entries to be made as soon as possible with Secretary Smart, E 6451, or Mrs. Freeman, E 0400, or Mrs. H. P. Hodges. Play will start at near 5 o'clock as possible.

## Canadian Woman Doctor Makes a Study of Biology

EDMONTON, July 13.—"Biology in general is naturally extremely interesting to women," Dr. Eleanor Silver Dowling, of Edmonton, Canada's only woman mycologist doing research work in the medical side of the subject, stated in an interview here.

"We are interested in it because it deals with living things and has to do with concrete objects—two reasons, in my opinion, why women show personal interest in any particular field of endeavor," said Miss Dowling.

"Medical mycology is rapidly becoming more and more important for doctors are increasingly interested in diseases caused by fungi."

Determining what fungus caused which skin disease as it comes under my observation is my particular work and I enjoy it."

Dr. Dowling, known to her friends as "Silver," is isolating in her laboratory in Edmonton those parasites which cause ringworm on human skin. She works in collaboration with Dr. Harold Orr, a dermatologist and lecturer at the University of Alberta, and under the auspices of the Carnegie Fund and the Provincial Laboratory.

The former Calgary girl, who graduated from Crescent Heights High School when Premier William Aberhart of Alberta was principal there, traces skin infections to their source and endeavors to find simple cures for such pernicious afflictions as athlete's foot and hair disorders.

At present, Dr. Dowling and Dr. Orr, who supplies her with patients, are making a survey at the laboratory of the skin fungi parasitic on man in Alberta.

Mycology, the study of fungus, its causes and cures, has three fields—plant, timber and medical. There are only three women mycologists in Canada and all are in different phases of the work.

Dr. Margaret Newton, a plant mycologist, is connected with the Dominion Rust Research Laboratory in Winnipeg, investigating rust on wheat and rye and other cereals.

Dr. Irene Mounier, an authority on fungi which prey on timber, works at the Dominion Experimental Farm at Ottawa.

SKIN TROUBLES

Although most diseases of animals and human beings are caused by bacteria, fungi have been found to be an irritating source of many superficial types of fungi are called "dermatophytes," and it is in the study of dermatophytes that Dr. Dowling specializes.

However, Dr. Dowling explained, not all skin diseases caused by fungi are superficial. In some instances fungus has caused serious and often fatal diseases of the interior organs.

Dr. Dowling isolated the fungus causing Madura foot—the first time a great surprise occurred in medical circles last year when a case of the tropical disease, not found in northern climates, was discovered in Canada.

"My matrimonial bureau" is what she calls her laboratory. There she brings together specimens of two skin diseases caused by fungi.

"If it fuses until I know they belong to the same fungus and I can classify their cause," she explained. "That is where my matrimonial bureau serves its purpose."

ICE FLOES IN RAPIDS

Ice floes were swirling down the rapids and their position appeared precarious. Chisholm volunteered to try to swim the rapids. Taking off his boots and shirt, he received the priest's blessing and plunged in.

He went under twice, but chilled and numb he made shore and then through the forest to our camp for help. His shouts aroused Nicholas Cavallere, cameraman, and John Dimond, his assistant, and they returned with ropes and axes.

"Before they were able to help us Mary Joyce arrived two hours before nightfall," he said.

EQUIPMENT LOST

Father Hubbard's specially-built lightweight steel boat and much valuable equipment was lost. He ordered a new one shipped here but planned to return to the scene with a heavily-built wooden riverboat he bought here.

"The 'Glacier Priest's' expedition is setting up three camps in the area, one on the Taku ice cap. Exploration and scientific work will be done on the Canadian side of the boundary.

situation is still serious throughout the district. Fires are burning at Bankfield, four miles west of here. The house at Bankfield has not been totally checked.

SAFE FOR PRESENT

At Nakina, sixty miles from here, the situation is much improved with the wind blowing to the northwest. The town is secure unless the wind reverses the season, when fire is still raging about four miles distant.

There was a hint of rain in the air tonight and showers soon may break a month-long drought. The emergency train, however, with steam up still keeps vigil in front of the station in case a change in direction of the wind should fan the flames and a new danger threaten.

the town safe. Latest reports from the area said all was quiet there.

SCORES OF FIRES

Scores of fires burned throughout the north, coming in the wake of terrific heat and lack of rain. The fires extend over a wide area north and east of here, and P. J. Dawson, Ontario district forester, believed most of them were caused by lightning. Most of the fires are in unsettled regions and are believed to number in excess of fifty.

Women and children from the Pickle Creek and Central Patricia Mines have been removed to Sioux Lookout for safety. The smoke there was described as being so thick as to shut out the sun. Planes have been grounded because of smoke conditions.

Forestry officials here said the while situation would remain dangerous until heavy soaking rains came to extinguish the flames and end the hot, dry spell. Temperatures were around the century mark and heat lightning was general.

even wiped out, council spokesmen

In the sewer rates and rentals department, to date, \$469 over the estimated amount for the year had been received. The total levy was \$5,514.88 and the estimated collection was \$5,254.99. For the six months, \$5,724.01 has been taken in by treasury department officials, it was shown.

RECEIVE \$4,328 ARREARS

Over \$4,328 had been paid into municipal coffers in arrears of taxes. The estimated collection for the year was \$6,618, leaving about \$2,300 still to be collected to meet budget requirements. Delinquent taxes paid in during six months totaled \$7,544 against an estimated collection of \$15,828. Members of the council said they considered returns would be considerably higher at the end of the year. The total amount outstanding in arrears and delinquent taxes in Esquimalt at June 30, this year, was given at \$24,132.65.

Councillors were highly pleased with the statement of tax returns, and were confident increased receipts would continue.

OVERDRAFT PAID

In the half-yearly statement of expenditures, it was shown that about \$7,500 had been spent on public works, \$19,995 on school administration, \$6,450 on relief, \$2,712 on police administration, \$2,175 on public health, nearly \$800 on fire department administration, and \$35,000 on bank overdraft. Social service charges were not listed since complete returns had not yet been received from the Provincial Government.

Aside from the tax returns already quoted, the receipts also showed \$12,066 had been received from the Province as a relief loan, and \$4,755 as grants toward teachers' salaries. No other grants were recorded.

Officials estimated that for the period from midnight to 2 p.m. today a heat death occurred in Detroit every ten minutes.

At Wayne County morgue, where 100 bodies were received in a day, many unidentified, the scene resembled that of a catastrophe.

General Motors Corporation announced today that all its sixty-five factory managers had been instructed to poll their men to determine whether they desired to lay off.

The Weather Bureau gave Michigan no promise of relief tomorrow.

RAINS IN NORTHWEST SECTOR

CHICAGO, July 13 (AP).—Rainfall in the Northwest sector of the drought land started cooler weather on a new march across the sun-baked plain states tonight as renewed onslaughts of heat to the East continued to break records and piled up the death toll.

Good rains struck sectors of the drought-parched Dakotas and Western Minnesota tonight, lowering temperatures as they fell and signaling an expected eastward movement of the cool front.

GAVE NAMES TO PRAIRIE CITIES

Interesting Stories Attached to Christening of Regina and Moose Jaw by Indians

REGINA, July 13 (AP).—Early folk of the plains had a word for them—these modern Saskatchewan cities. The Indian word for Moose Jaw, according to official records, is Monochapakanisippi. Regina, before the capital of the Northwest Territories was moved from Battleford, was known as Oskunna Kahstake.

The name of Moose Jaw does not come from the Indians, as do many

Every day Danny Meadow Mouse made Nanny Meadow Mouse good-bye and left her alone in their beautiful new home in the pile of old corn stalks on the edge of Farmer Brown's cornfield. Then, taking the greatest care that no one should see him, he scampered along his secret roundabout path to his old home over in the Green Meadows and went about his usual business there just as if he really lived there. He did this so that his friends, and his enemies, too, would think that he really did live there just as he always had and so would not go looking for him and perhaps discover that dear new home. It was all a part of his plan to keep that new home an absolute secret.

For a while Danny was "very successful." But there was one thing that Danny couldn't keep a secret no matter how hard he tried, and that was the fact that he was happier than he ever had been in all his life. You know happiness cannot be hidden. It is like a bright light—it will shine out. It wasn't long before Danny's old friends and neighbors began to talk about it when Danny wasn't around.

"What was so happy about Danny?" He always was a happy little fellow; but now he is so happy that the other day I heard him actually trying to sing. Fancy Danny Meadow Mouse trying to sing!" said Peter Rabbit.

—If there was anybody around here for him to be in love with I should say that he is in love," grunted Old Mr. Toad.

Now there was someone else who had noticed how happy Danny was, and this was Reddy Fox. You know Reddy keeps a very close watch on Danny and where he goes and what he does. For Reddy long ago made up his mind that just as sure as stage blow dried hair falls, so Reddy would catch Danny Meadow Mouse. And because he had failed so often he had learned that he must know all about Danny's affairs in order to surprise him. So every day he visited Danny's old home and hid where he could watch and hear. Of course, Danny knew just where Reddy was hiding. He had to so that he wouldn't be caught. So the first thing every morning he made it his business to make sure if Reddy was about, and if he was, just where he was.

Now Reddy Fox you know is very smart and clever. Of course he noticed how very happy Danny was these days, and it set him to thinking. He began to grow suspicious. The more he watched and listened and thought, the more suspicious he grew. He remembered how he had surprised Danny and Nanny in another part of the Green Meadows where Nanny's old home was. He noticed that though he found Danny at his old home every morning he never saw or heard anything of him

in the afternoons. At first he supposed that Danny was taking an afternoon nap, but as his suspicions grew he made up his mind that Danny went somewhere else to spend his afternoons.

"Of course, it is with that other Meadow Mouse," said Reddy, with a wicked sparkle in his eyes, and straightaway he began to spend his afternoons hunting around Nanny's old home, where he had surprised Nanny and Danny that never-to-be-forgotten day. But that though he hunted and hunted and found ever so many private little paths which he knew had been made by a Meadow Mouse, never once did he get a glimpse of Danny or Nanny. For the good reason, as you and I know, that they were not there.

And all the time Danny knew just what Reddy was doing, and he and Nanny would laugh as they thought how splendidly they had fooled him and everybody else.

## HONOR MEMORY OF PRIVATEERS

Cairn Erected at Liverpool, Nova Scotia, Recalled Exploits of 1812

LIVERPOOL, N.S., July 13 (AP).—A cairn has been erected here by the Canadian Historic Sites and Monuments Board in memory of the Liverpool privateersmen who defeated Nova Scotian and British shipping and trade when the Mother Country was at war in the early days of the United States.

An inscription pays special tribute to one of them in particular—bold Joseph Bars, who as skipper of the Liverpool Packet for nine months in the war of 1812, captured forty-four American ships off New England shores.

Almost single-handed, he struck consternation among the wealthy shippers of that entire coast. With an uncanny knack of knowing where the richest prizes were and the warships weren't, Bars and his schooner brought a steady stream of captured ships into this port during the first year of that war.

**LIVERPOOL PACKET**  
"All awoke," the Liverpool Packet has again raided our shores." Frequent warnings of this nature appeared in Boston and other New England newspapers.

The Packet carried off five guns, but among her forty-four prizes were ships carrying anything up to eighteen guns—brigs, sloops and schooners, peaceful merchantmen and armed privateers.

Once she captured a prize a day for five days; another time she took seven ships in a nine-day stretch. Most of the time prizes were captured at sea, but she was known to have crept into harbors and staid out ships which she towed away to her home port.

**CAREER IS ENDED**  
But the career of youthful Joseph Bars, privateer, came abruptly to an end in July, 1813, off the coast of Maine, when the schooner Thomas ran him down. The Liverpool Packet was captured, and he was sent home on parole. Later the vessel was recaptured by a Nova Scotian privateer and set out on her old trade again, but without the wizardry of her former skipper she met with no unusual success.

A grand-daughter of the famous privateer spoke at the unveiling of the cairn and told, among other stories she knew, of the hardships involved in the privateering game. "Some of their ships were captured and crews imprisoned. In one year, by shipwreck or encounters, twenty-two women were made widows and 100 children were left fatherless in this little town."

Activities of the Liverpool privateers spread through the French and Spanish wars, the American Revolution and the War of 1812, and D. C. Harvey, Provincial Archivist, who unveiled the monument, said they played no small part in the moulding of Canada as a British dominion.

Between 1819 and 1831, the city of Vienna, Austria, built 64,000 municipal apartment houses, housing 200,000 workers. The buildings have gardens, libraries, playgrounds and swimming pools. Rent is based on the cost of maintenance.

## At the Theatres

### LAUGH HIT NOW AT THE DOMINION

Guy Kibbee Plays Leading Role in "The Big Noise"—Warren Hull in Cast

"The Big Noise," Warner Bros. latest comedy drama, dealing both of a personal romance and the thrill and glamor of big business, is scheduled as the feature attraction at the Dominion Theatre today.

The story by Edward Hartman, is as breezy and capricious as a March wind, with riotous comedy, thrilling episodes and sparkling dialogue, all of which is said to have been accentuated in the screen version.

Guy Kibbee has the featured role of a business man who is ousted from the presidency of a concern which he has founded by his financial backers when a subordinate outwits them. He can make more money for the stockholders by manufacturing an inferior product.

Warren Hull plays the part of a young chemist, who falls in love with his partner's daughter, a role played by Alma Lloyd.

**ATLAS**—A sharp contrast in atmosphere adds materially to the color of R-K-O Radio's drama, "The Lady Consents," now at the Atlas Theatre. Co-starring Ann Harding and Herbert Marshall. The majority of action is laid in the throbbing metropolis of New York where the three principals in the picture become involved in a complicated love triangle. A sudden switch to the quiet mountain fastness, however, of an Adirondack hunting lodge, provides an ideal setting for some of the most dramatic and romantic scenes of the film.

**CAPITOL** Again that golden voice rings out! Again that magic, soaring, thrilling world! Your heart will soar as Grace Moore sings the love songs of the immortal Kreisler... in the latest film is Columbia's "The King Steps Out," featuring Franchot Tone, Walter Connolly and Raymond Walburn, and showing at the Capitol Theatre. The King Steps Out is Grace Moore's latest gift of glorious entertainment—the rollicking romance of a merry madcap who tempted a monarch!

**What Today Means**  
If July 14 is your birthday, the best hours for you on this date are from 9 to 11 a.m., from 2 to 4 p.m., and from 7 to 9 p.m. The danger periods are from 6 to 8 a.m., from 5 to 7 p.m. and from 9 to 11 p.m. On this date unprincipled people, to accomplish a desired end, will take advantage of any technicality that the law might make available. If you know that, through carelessness, you are open to some unfair legal procedure, it might be wise to take immediate steps to make this legally impossible. Lack of proper business methods are perhaps going to be the basis of many of the day's trouble-makers. Do not place too much confidence in rumors. Be judicious in your spending, and exercise caution in financial transactions. To money can possibly be traced most of the day's quarrels, so careful in borrowing, lending, or demanding it. A good day for indulging in social activities, and making friendly ends. Married and engaged couples, as well as those with a serious sentimental attachment, must be very considerate of their beloved ones' feelings, if happiness is to reign. If a woman, and July 14 is your birthday, you may be inclined to be peevish. You are apt to take both people and what they say too seriously. Having many talents, your danger lies in not concentrating on developing one well. Instead of making use of all of them indifferently. Your affections are easily won, and you have the gift of winning friends. There are indications of an abundance of prosperity making your way in life an easy one. As a professional woman, artist, dietitian, trained nurse, teacher, or broker, you have a chance of scoring a big hit. If you play the matrimonial game as it ought to be played you are likely to be a winner. The child born on July 14, generally, when it reaches its majority, embarks upon a career that will attract favorable attention. Through social connections it is likely to gain a great deal of influence. If a man, and July 14 is your natal day, you will be wise to make up your mind as to the activity you are best qualified to follow, and engage in it. Remember a "Jack of all trades, is a master of none." As a mechanic, engineer, lawyer, doctor, writer, educator, or salesman you might find many opportunities to make substantial sums of money.

**News Reporter Congratulated By City Council**  
In recognition of his fine reporting of activities of the City Council, Aldermen last night ordered a letter of congratulation be sent to Percy C. Richards, former reporter for The Colonist who is now private secretary to Hon. John Hart, Provincial Finance Minister. In moving the resolution, Alderman Percy C. Brown said Mr. Richards' true reports of proceedings of meetings had assisted the council in many ways. Alderman R. A. C. Dewar seconded the resolution, and Mayor David Lerming, commenting on it said, "Mr. Richards was a great friend of the council."

THE special equipment designed to aid the hard of hearing in the enjoyment of talking pictures, will be installed in the new Oak Bay Theatre in time for the premiere opening tomorrow night... it was announced by the management yesterday. A number of the loge seats are so fitted with amplifiers each with accurate volume control to be regulated by the patron himself. This equipment was specially installed at the request of the Hard of Hearing Club in Victoria, and the Oak Bay Theatre is one of the few in the West to offer this advantage.

## Dempsey's Protege In Line for Fight With Tacoma Boxer

Ken Overlin May Be Brought to Coast for Title Bout With Newly-Crowned Freddie Steele  
—To Show in Home Town

By FRANK O. GORRIE  
Associated Press Sports Writer  
SEATTLE, July 13 (AP)—Freddie Steele, new middleweight champion, was booked upon today as having put the "old wallop" back in the long-suffering 160-pound fighting division.

Steele won the title here Saturday night when he battered Eddie "Babe" Risko of Syracuse, N.Y., to the canvas for a six count in the first round and won a clean-cut fifteen-round decision.

It was the seventh time the championship had changed hands since Mickey Walker relinquished the crown five years ago.

Now it is in the hands of a "two-faced fighter" and it is believed the Tacoma boxer is capable of safely guarding the crown for many months to come.

Steele has whipped them all for four years, and in his six years of professional boxing he has scored thirty-six knockdowns in eighty-seven battles. He has beaten two former title-holders, Gorilla Jones and Vince Dundee, and has smashed Risko twice. He also has conquered such middleweights as Tony Fisher, Young Stuhley, Swede Berglund,

Fred Apostoll, Bucky Lawless and Mike Payan.

MAY MEET OVERLIN  
One of the few top-notchers left in Ken Overlin, Jack Dempsey's protegee, and Promoter, Nate Druxman said today he would attempt to lure the Easterner to Seattle.

In the meantime, Freddie is to make his first appearance as champion in his home town, Tacoma. His manager, Dave Miller, said he felt Steele's Tacoma followers should be the first to see him in action as titleholder, and that he had agreed to a non-title ten-round bout, probably in August.

"We don't know whether we ever will go East," said Miller. "We are ready to meet all comers but we are not going to run away from money like this." He was referring to the capacity crowd that witnessed the fight, and which Promoter Druxman estimated at close to 30,000. Druxman said gate receipts were in the neighborhood of \$65,000. Risko was guaranteed \$26,000 and Steele, \$10,000.

Steele won ten rounds, Risko three and two were even. Gabe Ochoyese, Risko's manager, said he was satisfied with the decision, but would seek a return bout.

## NEGRO TRACK STARS GAIN MANY PLACES

Display Great Form in Olympic Trials—Two World Marks Shattered

NEW YORK, July 13.—Reverberating with a succession of form reversals that stunned 21,000 onlookers and eliminated odds of America's fondest Olympic hopefuls, the final United States track and field tryouts came to a record-shattering conclusion yesterday at Randall's Island stadium.

A famed trio of record-breakers, comprising Ben Eastman in the 800, Bill Bonhron in the 1,500 and George Varoff in the pole vault, passed abruptly from the Olympic picture in a sudden series of upsets, while the negro contingent, led by Ohio State's renowned Jesse Owens, turned in a dazzling display of athletic prowess.

Owens, victorious Saturday in the 100-metre dash and broad jump, climaxed his triple qualifying job by running off with the 200-metre final in twenty-one seconds flat, around the turn, after two dinky high jumps, Cornelius Johnson, of Los Angeles, and Dave Albritton, of Ohio State, cleared 6 ft. 9.3-4 ins. for a new world mark.

Johnson, the favorite, and Albritton, twenty-three-year-old All American, electrified the capacity crowd by surpassing the two-year-old mark of 6 ft. 9.1-8 ins., set by Walker Martz, Fresno, Cal.

Marty not only saw his record go by the boards, but he failed to do better than 6 ft. 4 ins. and was shut off the team.

Two successful athletes, Indiana's Don Lash, who won the 5,000 metres, and San Francisco's Bob Clark, who finished third in the broad jump, previously clinched berths in other events. Lash won the 10,000-metre final tryout a week ago at Princeton, while Clark qualified for the decathlon at Milwaukee.

Although such stalwarts as Glen Cunningham in the 1,500, Forrest "Spec" Towles in the high hurdles, Glen Hardin in the 400-metre hurdles and 300-pound Jack Torrance in the shot-put, all came through triumphantly in their decisive tests, the battle for Olympic places developed an unexpectedly heavy toll of casualties.

The 800-metre final, won by long-striding John Woodruff, twenty-one-year-old University of Pittsburgh negro runner, produced the most shocking upset. Experts were amazed by Ben Eastman's inability to do better than six in an eight-minute final.

Chasing Woodruff home, to clinch Olympic places, were Indiana's veteran Chuck Hornbostel, a member of the 1932 team, and North Carolina's Henry Williamson.

## Capture Honors in Lewis Gun Match

Firing Saturday at Heals Range, the Lewis gun team from "A" Company, Second Battalion, Canadian Scottish Regiment, carried off the honors in the special match staged as part of the programme for the fifty-eighth annual prize meeting of the British Columbia Rifle Association. ## Orangery Scores Great Victory at Brighthouse

Beats Out Tritoma in Feature Race on Mainland  
—Busy Seth Pays Off at \$28.00 in Fourth Race—Reigh Rose Second

VANCOUVER, July 13 (P)—Setting the pace for the entire six furlongs, the Greenroft stable's imported star, Orangery, staved off the stretch challenge of the favorite, Tritoma, to win the feature fifth race at Brighthouse Park today.

Jockey Lasswell guided the Greenroft entry to the top from the start and she galloped into a lead that proved too big for the fast-closing Tritoma to overcome in the stretch. Playing on hung grimly on to take third position.

With a burst of speed in the stretch that left the rest of the field including the favorite, a good length behind, Busy Seth came home in the fourth race to pay off at \$28.00 for a straight \$2 mutual ticket. Another long shot, Reigh Rose was right behind and took second place to return \$15.70 for show and \$8.05 for place. Warren S. the favorite, took third money. Jockey Helton rode three winners.

## DECISION AGAINST VICTORIA FIGHTER AROUSES THE FANS

Local Middleweight Appears to Have Better Punching Ability and Forces Bout, but Verdict Goes To Windsor Boy—Lack of Experience Against Effa in Great Wrestling Mix

By SYDNEY CRUSON  
Canadian Press Staff Writer

MONTREAL, July 13.—Three Canadian champions moved along the fast trail of the Olympic boxing trials tonight in pursuit of another year on top and a possible trip to the Berlin games.

There was hardly a surprise in the preliminary bouts that will merge into second-round bouts tomorrow night and semi-finals and finals Wednesday night. In all, sixty-six bouts were carded for the three nights to decide the championships of eight classes.

Most impressive of the defending champions, Toronto's Irving Pease led the way into the second round with a thumping three-round decision over Lloyd Ryan, of Montreal, in the middleweight division. The featherweight champion, Billy Marquart, of Winnipeg, scored by decision over Gaudin, Dumas, of Montreal, and Maurice Camyree, king of the welterweights from Winnipeg won a decision from Ross Taylor, of Montreal.

TWO KNOCKOUTS

There was little to choose between most of the bouts and only two bouts finished by knockouts. Billy Humphries, Toronto lightweight, took one of these in the first round over Adam Dupuis of Saint John, N.B. and Harry Hurst, of Montreal, slugged a one-round technical knockout over Steve Hurley, of Toronto.

Vic Bagnato, swarthy little puncher from Toronto, pummeled his way to victory over seventeen-year-old Jimmy Chapman, of Edmonton, in the opening 112-pound bout.

Prolonged booing by the crowd met the judges' decision in giving the nod to Wally Cave, of Montreal, Quebec 135-pound champion, over George Nyberg, of Port Arthur. The Montrealer gained points in the first two rounds when Nyberg was thrice warned for fouling.

Eddie Westbrook, Ottawa dropped Bill Martin, Red Deer, Alta., three times, once in each round to take an easy decision in the welterweight division. The Westerner got up each time without taking a count, but couldn't do anything against Westbrook's superior boxing skill.

Eddie Bernault, of Montreal, fired the first victory in the middleweight division, taking a close decision from Stanley D'Amato, Waterford, Alta.

CAREY BOKE BOOED

Walter Franklin's middleweight victory through a decision over Rex Carey, of Victoria, aroused the crowd. Franklin, from Windsor, Ont., succeeded in drawing blood from Carey's head, but the Victoria boy appeared more effective in his punching and chased his opponent around the ring, landing a succession of heavy punches.

## TWO TIED IN CUP TOURNEY

Dick Cox and Darrel Spence To Play Off for Maynard Cup at Gorge

Dick Cox and Darrel Spence will play off for the A. J. Maynard Cup at the Gorge Vale Golf Club, playing Sunday in the eighteen-hole medal test under full handicap.

The pair finished with net scores of 69 and will meet either during the week or next Sunday to decide the new cupholder. Cox shot fine golf in a heavy downpour in the morning, posting a par-equaling 74, while Spence was right on his game and came up with an 81, which his twelve handicap reduced to a net 69.

H. H. Allen won the best gross prize during the cup tournament, while two tied for the best net award, being George Baird and J. H. B. Gann.

## LAWN BOWLING MEET STARTS

Marconini Tied for Lead in Section Three in Provincial Tourney

VANCOUVER, July 13 (P)—With clubs as far east as Winnipeg and as far south as California competing, the annual tournament of the British Columbia Lawn Bowling Association got under way on two greens today.

A total of sixty-eight rinks are competing in the Bower Trophy event. Play is being run on the "pennant" system, whereby the rinks are divided into sections, with each rink playing each other rink in its own section and the sectional winners playing off on the "knock-out" system for the trophy.

Three games were played today. The "knock-out" are scheduled for Thursday.

At the end of play in the Bower Trophy event today, outside rinks were leading or were tied for first place in seven out of the eleven sections in the competition.

A Marconini, of Victoria, was tied with G. J. Watt, of Vancouver Heights, with six points as the top

## Big Cod Chokes On Small Perch; Both Are Caught

A TWENTY-three-pound cod bit more than it could chew, and consequently made a nice week-end meal for Brian Engles, of Vesuvius Bay.

Watching the waters of the bay from near his home, Brian saw the large fish struggling toward shallow water. As the cod became landlocked in the rocks near the shore, he ran into the water and captured it with his hands. From the mouth of the cod there protruded the tail of a one-pound perch, which, instead of providing a meal for the larger fish had caused it to choke.

of section three, J. Barton, of Nanaimo, and C. Moir, of New Westminster, with six points each, were tied for first place in section eight.

R. Good, another Nanaimo city contestant, headed section eleven with six points.

Ali had won three opening games today.

A. R. Alexander, of Los Angeles, and H. Y. Jackson, of Cumberland, each had four points heading section ten, having each lost a game.

EXPLANATION FOR SUNDAY'S RIPLEY CARTOON

The Shortest River—Among the many interesting limestone aprills of Florida is one that has most unusual characteristics. It is the Palmouth Springs, flowing 60,000 gallons of water per minute, located ten miles from the city of Live Oak in Suwannee County. This spring forms a river that is not only the shortest known river, but reverses its flow. Under normal conditions the spring emerges and flows as an open stream for 900 feet, where it abruptly sinks beneath the surface to reappear again in the Suwannee River at Ellaville, three miles distant. During periods of excessive rainfall and high stages of the Suwannee, the flow is reversed toward the spring.

Bill Lee Outpoints Hubbell and Gabler to Win, 1-0, To Place Chicago at Top of List by Three Percentage Points—White Sox Down Yanks To Slice Lead—Tigers Defeat Athletics

**NATIONAL LEAGUE**  
CHICAGO, July 13 (AP).—With Bill Lee outpointing Carl Hubbell and Frank Gabler in a pitching duel, the Chicago Cubs today defeated the New York Giants, 1-0, to gain first place in the National League with a margin of three percentage points over the idle Cardinals.

The Cubs made only two hits while Lee was yielding four, but the National League champions took advantage of one of their blows to score in the fourth. Bill Herman drew a pass. Augie Galan sacrificed and when Burgess Whitehead threw wild past second, Herman went on to third and came home on Ken O'Dea's single. R. H. E. New York ..... 000 000 000—0 4 1 Chicago ..... 000 100 000—1 2 0

Batteries—Hubbell, Gabler and Mancuso; Spencer; Lee and Hartnett; O'Dea.  
**Score Fifth Straight**  
PITTSBURGH, July 13 (AP).—Tiny Jim Chaplin pitched the Boston Bees to their fifth straight victory and second successive conquest of the Pittsburgh Pirates today, 4-1. Chaplin, celebrating his twenty-ninth birthday, allowed only six hits. R. H. E. Boston ..... 000 200 020—4 7 1 Pittsburgh ..... 000 000 010—1 6 1

Batteries—Chaplin and Mueller; Swift, Weaver, Welch and Padden; Finney.  
**Reds Setback Phillies**  
CINCINNATI, July 13 (AP).—The Cincinnati Reds were blanked four innings today, then bunched hits in the two succeeding frames to score a 5-4 victory over Philadelphia and make it two out of three for the series. R. H. E. Philadelphia ..... 020 001 010—4 9 1 Cincinnati ..... 000 020 000—5 9 1

Batteries—Walter, Jorgens and Grace; Frey, Davis and Campbell.  
**American League**  
NEW YORK, July 13 (AP).—Held in check by Johnny Whitehead's five-hit pitching, the New York Yankees fell before the Chicago White Sox, 6-3, today. The defeat reduced the Yanks' lead to eight and a half games over world champion Detroit. Lou Gehrig slammed out his twenty-fourth homer with one on base in the sixth.

The circuit boss gave Gehrig the major league leadership with a margin of one over Jimmy Fox.  
In addition to pitching five-hit ball for his eighth victory of the season, as compared to ten setbacks, Whitehead drove in two runs. R. H. E. Chicago ..... 103 000 101—6 13 0 New York ..... 000 020 000—3 9 1

Batteries—Whitehead and Sewell; Pearson, Murphy, Malone and Dickey.  
**Tigers Win Again**  
PHILADELPHIA, July 13 (AP).—The Detroit Tigers again beat the Athletics today for their tenth triumph in twelve games with the A's, and their second straight in the current series. The score was 5 to 2. Detroit took an early 4-0 lead and

held it while Rixie Lawson scattered the A's nine hits. Charley Gehring's double and Goose Goslin's single in the third accounted for the winning tally.

Glenn Myatt, veteran catcher acquired from Montreal, caught Lawson and singled in the second, scoring Walker with the first run of the game. R. H. E. Detroit ..... 021 010 100—5 10 0 Philadelphia ..... 000 001 100—2 9 1

Batteries—Lawson and Myatt; Rosa, Gumpert and Hayes.  
**Indians Hit Heavy**  
BOSTON, July 13 (AP).—The Cleveland Indians continued their heavy slugging today as they pounded out seventeen hits, five of them for extra bases, and defeated the Boston Red Sox, 11-3, for their third straight victory.

The Indians, with George Blaeholder hurling effective eight-hit ball, did nearly all their scoring in pairs. After counting once in the opening frame they tallied twice in each of the second, fourth, fifth, eighth and ninth innings, pounding Fred Ostermuller, Jim Henry, Jack Russell and Rube Walberg almost at will. Ostermuller, who was knocked out of the box in the second, was charged with the defeat. R. H. E. Cleveland ..... 120 220 022—11 17 0 Boston ..... 000 101 010—3 8 3

Batteries—Blaeholder and Pytkak; Ostermuller, Henry, Russell, Walberg and R. Ferrell.  
**Senators Move Up**  
WASHINGTON, July 13 (AP).—Washington moved into third place in the American League today, whipping St. Louis, 7-3, for Earl Whitehill's seventh victory of the year.

The Senators turned loose a heavy barrage that brought seven runs in the fifth and sixth innings to overcome a St. Louis lead. R. H. E. St. Louis ..... 110 010 000—3 12 1 Washington ..... 010 043 010—7 14 3

## Six of Canada's Representatives

Six natators, who won first, second or third places in Canadian Olympic swimming trials at Montreal, are shown here in pictures rushed direct from the Quebec metropolis after their races. Included are the two three-year-olds and six four-year-olds. The three mermaids, left to right, are: Bob Pirie, Toronto; Bobby Hooper, Vancouver, and Gord Devlin, Toronto. They raced one-two-three in both the 440-yard free style and the one mile. The three mermaids, left to right, are: Irene Pirie, Milton, second; Marjorie Stone, third, and Phyllis Dewar, first, after they finished in that order in the women's 100-yard free style.

## Island Football Clubs Decide to Ask Referendum

DUNCAN, July 13.—Expressing dissatisfaction with the present form of soccer control, which they feel is too autocratic, representatives of Island clubs, at a meeting here Sunday, decided to ask the British Columbia Football Commission to circulate all clubs in the province to find out if they favor the present commission or the B.C.F.A., which operated prior to the new setup. The present governing body has been in control of organized football in the province for approximately two and a half seasons. Club delegates attending the meeting expressed the desire for a more democratic form of government for football in British Columbia, and with that in mind decided to ask the commission to send out a referendum to all clubs in the province. Clubs represented at the meeting included Esquimalt, Victoria West, Saanich Thistles, Victoria City, Duncan United, Nanaimo City, South End and South Wellington.

**American Association**  
LOUISVILLE 1-1, Kansas City 2-1 (first game ten innings; second game called and seventh to allow Louisville to catch train).

## SURPRISES AT SEATTLE TRACK

Heroakel Conrad Shows Remarkable Speed in Winning Special Event

SEATTLE, July 13 (AP).—The Lon Gibby three-year-old filly, Heroakel Conrad, running the fourth race of her career, won a surprise victory in the six-furlong special day handicap at Longsreen race track here today.

Showing a remarkable improvement over her last appearance at Bay Meadows, where she won from maidens, she unleashed brilliant speed, good as the best this season, and raced the six furlongs in 1:11.45.

The winner was completely forgotten in the betting and paid \$37.40 straight, \$13.20 to place and \$4.60 to show. Behind the winner by a length and a half was a colt named Valina paid \$7.70 and \$3.30. Great Lover paid \$2.70.

## UPLANDS CLUB IN DEADLOCK TO KEEP CUP

Retains Straith Trophy by Gaining Tie With Colwood Squad

WITH their "B" squad coming through with a fourteen-point decision on their home course, Uplands Golf Club managed to gain a deadlock with Colwood shotmakers in the second half of the annual Straith Cup match held at the respective links. The tie leaves the silverware in the showcase of the Uplands Club for another twelve months.

Starting off Sunday morning with a twelve-point advantage gained from the first half played earlier in the year, Colwood seemed destined to lift the trophy, but the tide switched as reports of matches were posted at the two clubs. Colwood's first string team scored a two-point verdict at home, but at the same time their second aggregation were finding the going hard as Uplands and lost out by fourteen points to make matters even Stephen.

## How It Started

By JEAN NEWTON

"ALL MEN ARE LIARS"  
There is nothing so false as a half-truth.  
Particularly apropos is this aphorism in connection with quotations. People will tell you: You will find it written in the Bible, "There is no God."  
Now, there is no denying that this language is contained in the good book.

Before, however, getting all worked up with wonder, consider the fact that the correct and complete excerpt reads:  
"The fool hath said in his heart, 'There is no God.'"  
Similarly those of us who have become disheartened because of disappointment in our fellow men are apt to conclude: It's no use, the Bible is right when it says, "All men are liars."  
The Bible does not allege anything so lugubrious.  
The true reading is, Psalm cxvi. 11:  
"I said in my haste, All men are liars."

## Jane Dixon Says:

WHAT DID SOME OF YOUR BRIDES AND BRIDEGROOMS DO WHEN YOU HAD TO CHOOSE BETWEEN LIVING WITH YOUR PARENTS AND BUILDING A LITTLE NEST OF YOUR OWN?

Here's a problem for young married persons.  
Without doubt, many of them are in just such a quandary as the young wife who signs herself "Betty."  
What did some of you brides and bridegrooms do when you were faced with necessity for making a choice between living with your parents or building a little nest of your own?

I'm all in favor of the little nest, because the prime purpose of marriage is the establishment of a home, and trying to superimpose a new home on the same foundation as the old is not sound building.

Dear Miss Dixon: I'm twenty-six, married, and have a darling little daughter. We've lived with my parents the entire six years of our marriage, and I haven't yet made up my mind what to do.  
Living here, we pay \$8 a month for the rent of one room, though we have the use of the entire house, where three sets of our furniture are distributed.  
PAY HALF OF THE BILLS  
We pay half of the bills such as coal, ice, electricity—but cook and eat separately. My father and husband go to work at the same time so my husband rides in with father, but pays the gas bill. We also pay for the gas when we use the car at other times. In fact, we share everything, work and expenses with my parents.  
Mother and father are not old, each in the middle forties.  
The thing is, my husband thinks it would be cheaper and more convenient if we moved nearer to his work.  
I'm an only child. I hate to leave my parents alone. Also, I hate to take away from them my little daughter, whom they adore.  
I'm afraid to make a decision for fear I'll hurt those I love. I couldn't bring the subject up to my parents without an argument, and I hate to create hard feelings. What shall I do?—Betty.

Answer: No house can support two masters. It is the right of your husband who, judging from your letter, is an energetic, fair-minded, progressive citizen, to be the head of his house—just as it is your right to be the director of your own household.

Perhaps something of this inherent right is in the back of his head when he proposes a move on the basis of economy and of convenience.

## AN EMERGENCY MEASURE

I know how you feel, Betty, because I'm an only child myself.  
You want to do everything possible to keep your parents happy, and you want to do everything possible to make your husband happy, too.  
But—you made your decision when you took your marriage vows. You pledged yourself to partnership in a new home, to become the instrument of a new generation. If your husband is able and willing to provide that home for you and for your child, go to it.  
The conditions under which you now are living should be an emergency measure, never a permanent arrangement. You and your husband are paying guests in other people's home. That these people are your own parents does not change the essential fact.  
You will not "deprive" your parents of your little daughter by setting up your own household. They will visit her and she will visit them, and you'll all appreciate one another more for the temporary separations.  
Do not argue with your parents on this matter.  
Tell them quite frankly that for the convenience of your husband's work, and because you both feel you should establish your own home, you have decided to start now.  
After all, your parents are comparatively young themselves, and they should not ask nor expect you to go on sharing their home indefinitely.
